

G3 GROW BEYOND SCHOLARSHIP CONTEST

G3 is pleased to partner with Agriculture in the Classroom Canada (AITC-C) for six scholarships available to students entering a post-secondary program. Recipients will demonstrate a passion for exploring innovation and technology in agriculture through their post-secondary studies. The following is a summary of the scholarship contest, please refer to the Contest Rules for complete terms and conditions.

PROGRAM SUMMARY

1.a) SCHOLARSHIP DETAILS

Six **G3 Grow Beyond Scholarships** will be awarded across Canada.

- Each scholarship is valued at \$4,000, payable in one sum.
- The scholarships may be used at any Canadian post-secondary institution, including provincially recognized community colleges and universities.
 - The scholarship is intended for any field of study.
 - In addition to winning the scholarship, the winning students' high schools will also receive a cash donation (\$1,000) to be used to further develop its innovative initiatives.
- Scholarship will be presented by a G3 team member or designated representative.

Note: Students who have applied for entry into a college or university, but have not yet been accepted, may still apply for the **G3 Grow Beyond Scholarship**. The final selected applicants will need to provide a copy of their chosen post secondary institution acceptance letter in order to be awarded.

2.b) APPLICATION REQUIREMENTS

Applicants must:

- complete the **G3 Grow Beyond Scholarship** application form;
- submit all accompanying documents as outlined (acceptance letter if available; otherwise should be received by May 13th, 2022); and
- produce a creative 2-4 minute video outlining their vision and planned contribution to the future of technology and innovation in Canada's agriculture sector. ***Although your last name is required on the entry form, you can choose to introduce yourself with first name or both first and last name. Your preference.***

Question to be addressed in the video:

What is your chosen field of study? What is one major innovative challenge in the agriculture industry that you hope to address through your studies and how will you accomplish it?

2.c) DEADLINES

Submission form and video must be submitted by May 2nd, 2022 by 11:59 PM CST.

AWARDING SCHOLARSHIPS

3.a) ASSESSMENT CRITERIA

Applicants will be assessed on the following:

- Video Essay: How well a video submission addresses the questions will be judged by a panel of industry professionals. (65%)
- Public Voting: Via online voting, maximum one video vote will be allowed for each of the five geographic regions designated on the website. (25%)
- Community and/or School Involvement (10%)
 - Details to be provided within the application form.
- The Video Essay and Community and/or School Involvement will be judged by a selection committee determined by G3.

Note: Videos meeting the scholarship criteria and requirements will be published to the scholarship page online for public voting. The scholarship selection committee reserves the right to use all scholarship materials including the video, in perpetuity, as deemed appropriate. Receiving payment of the scholarship is contingent on consent to use students' name and image to announce scholarship winners. All personal information collected will not be used for any other purposes and will remain confidential.
